# Hiring CNC Operators

Want to do something BIG? We have immediate openings for four top notch CNC machine operators. You can get a shift that pays you for 40 hours of work and you only work three days a week. That's right, you are off four days a week. Other shifts have you working only four days at 10 hours a day. Ask around, Ehrhardt has the best tools, equipment, benefits and working conditions—it all adds up. Not everyone is good enough to join us, maybe you are.

Just across I-270 in Illinois one mile south on IL3 in Gateway Industrial Park.

**Contact person: 618-219-3705**

## **Highlights**

- ◆ 2 years CNC Operator Experience
- ◆ Technical School Graduate or equiv exp.
- ◆ Six week orientation and training
- ◆ Top candidates make top dollar
